9 Incredible Animals That Saved Human Lives

Cows, horses, camels, bullocks, donkeys, and mules are widely used to pull vehicles in many rural regions of the world. In the most remote of places, people still travel from one place to another riding on the backs of the local large animals. They are also used to carry heavy loads on their backs for long distances.

Importance of animals

Animals played an important part in all sorts of labor-intensive tasks up until the development of advanced technology. Horses provided fast transportation before the development of cars. They could pull trees from the ground, pull plows to till fields and carry building materials long distances, allowing people to build tougher homes and barns ...

Importance of Animals | 13 Uses for Human Life

ANIMALS Enrich OUR lives! It is always fascinating to me how people react around animals. People who have grown up with dogs, cats, or horses are usually drawn to them as young children, young adults and on into adulthood. Many people have never lived in and around a pet and can be very UNCOMFORTABLE with other people's pets.

Animals ENRICH our lives! - The Light Gap

For example, how an animal abuser was brought to justice; information about events which support the animals such as TEAM's largest fundraiser of the year, Whiskers & Wine, as well as requests for assistance with specific or urgent items that need funding like our new Parvo Isolation Ward.

TEAM | Teaching Everyone Animals Matter

Apart from having business colleagues, classmates and neighbors as friends, four-legged animals such as dogs and cats can also be very good friends to man. Just like good friends, pets contribute positively to human life. In fact, pets have several physical and mental health benefits. They are essential for both children and adults.

Healthy Options: Animals In Our Lives | OptionsANIMAL

Why They're Important to Us. These 36 quotes about animals give us a good picture of why we need them in our lives, and why we should do everything we can to protect them. We need another and a wiser and perhaps a more mystical concept of animals... In a world older and more complete than ours they move finished and complete, gifted with extensions of the senses we have lost or never attained, living by voices we shall never hear.

Quotes About Animals: Why Animals Are Important to Us

Animals have played a significant role in the lives of humans, not only because they are practically
