It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Ayrton Senna The Messiah Of

The author begins with a dissection of the Ayrton Senna phenomenon - how he has been lionised and even exaggerated to a degree that borders on the mythological after death. That aspect of the book was probably the most constructive part of the whole experience; the defusing of Senna as a flawless demi-God.
