10 Tips for Decision-Making in Uncertain Situations - dummies

Unfortunately, there is no hard-and-fast rule. There is no such thing as general purpose intuition. There are situations in which intuition is useful for making management decisions, but that can only be true if we've encountered a sufficient number of similar situations to develop real expertise. In reality, this is not often the case.

David Evans: used books, rare books and new books ...

Dynamic decision-making (DDM) is interdependent decision-making that takes place in an environment that changes over time either due to the previous actions of the decision maker or due to events that are outside of the control of the decision maker. In this sense, dynamic decisions, unlike simple and conventional one-time decisions, are typically more complex and occur in real-time and ...
