Lutz And Collins Reading National

For its millions of readers, the National Geographic has long been a window to the world of exotic peoples and places. In this fascinating account of an American institution, Catherine A. Lutz and Jane L. Collins explore the possibility that the magazine, in purporting to teach us about distant cultures, actually tells us much more about our own.

Lutz and Collins concluded after their investigation of National Geographic photos that the magazine provides readers a view of all the following messages, EXCEPT: many regions are suffering conflict along gender, race, and economic lines.

Study 15 Terms | Art History Flashcards | Quizlet

In this book, Lutz and Collins deconstruct the system of misrepresentation in which National Geographic functions as purveyor of cultural/historical fact. The authors problematize NG's systematic misrepresentation of the non-West and examine how those misrepresentations resonate with its 'American' audience through reinforcing the self-other binary.
