The Oath Forger series has been such a great read, I can't believe it's already over. I fell in love with the series from the first book and can't help but wish it would continue! Very interesting start to the series. The concept of different galaxies is intriguing as is the history of the Kreks and the Oath Forger. This was not a long read, quite short actually - I between a serial and standard novel - so hopefully there is more character development for the Kreks in the next book.
