### Pc Transplant User Guide

The PC Transplant Wizard helps you easily identify and transplant users, files, folders, and desktop, network, and application settings. You can migrate the data over a network connection or build the data into a compressed, self-extracting Personality Package. For a list of settings you can transplant, see Settings You Can Transplant (page 10).

### Altiris® PC Transplant® Professional Edition 6.8 SP1 ...

PC Transplant lets you upgrade to a new computer by performing a real-time migration or by running a Personality Package file. Similarly, you can upgrade to a new operating system. PC Transplant also creates user accounts during migration. Real-time migration is the migration of the computer personality in real time, which eliminates the need to create Personality Packages. In real-time migration, you can map users and user properties, create user accounts, and install applications.
