Manuals - Pioneer

After using my DVL-700 for 3 years, I have been pleased with the audio and video from this unit. Recently the unit has been taking a very long time to start reading dvds, if it reads them at all. I have requested goodwill assistance from Pioneer with no luck. I believe that a product that costs \$1100 should have much more than a 3 year usable life.

pioneer elite laserdisc for sale | eBay

Features and Foibles -- The Pioneer: The Pioneer DVL-700 is very different from the Toshiba player in one respect: It will play LaserVideo discs in addition to DVDs and CDs. (Physically, it resembles some earlier Pioneer combi-players that have a CD drawer installed within the LD drawer, although it does not have a jog dial).
