This image and meme speak to me of the duality of the female spirit and characteristics: Women can in fact be "delicate flowers": gentle, nurturing, compassionate, and wanting protection. Women are also warriors full of strength, resilience, and, much like the lioness protecting her cub, capable of ferocity and determination.

Many barriers have prevented women from advancing in academic STEM careers, especially women of color. Few studies have focused on the career paths of Latina STEM scholars and challenges they face as both women and as members of an ethnic minority group. We are investigating the career paths of former Latina UC President Postdoctoral fellows in...
